

Brunswick Link ADA Paratransit Application

Attached is an application for you to complete in order to receive **Brunswick Link** ADA Paratransit service. If you have a disability that prevents you from using the **Brunswick Link** fixed-route bus service, you may be eligible for **Brunswick Link** ADA Paratransit service administered by Western Maine Transportation Services, Inc. (WMTS).

Public transit systems are required by the Americans with Disabilities Act (ADA) to establish a process for determining ADA paratransit eligibility. The goal of the process is to ensure that only persons who meet the ADA criteria are regarded as eligible. Eligibility is strictly limited to any person with a disability that is unable to use the regular fixed-route bus system. Diagnosis of a disability does not establish eligibility. What is needed is a determination of whether the person can use the fixed-route bus system under given circumstances. The person's physical and mental abilities in relation to getting on and off a bus, riding the bus, and traveling to or from a bus stop will be considered when determining eligibility for paratransit services. A person's age, income, inability to drive, travel preference or inconvenience are not considered qualifying factors. In addition, ADA service will be provided door-to-door for all origins & destinations within $\frac{3}{4}$ mile corridor on each side of each fixed route operated by **Brunswick Link**.

There are three types of ADA paratransit eligibility:

- Full – if your disability prevents you from using the fixed-route bus system for any trips.
- Conditional – if you can use the fixed-route city bus system under certain circumstances, but need the ADA paratransit service for specified trips.
- Temporary – if your disability does not require a permanent need for ADA paratransit service.

To enable us to determine your eligibility, it is your responsibility to complete Part 1 and have your physician or health care professional complete Part 2 of this application. Please be as specific as possible. The questions are meant to determine the functional abilities you have and under what circumstances you might be able to utilize the wheelchair-accessible fixed-route bus system. If you don't believe there is enough space to answer your questions, feel free to attach a sheet to the back of this application. Please number your answers to match the question so we know what response belongs to which question. Both sections must be filled out and the entire application submitted to the Brunswick Link office at Brunswick Station to be considered a complete application. An incomplete application will be returned to you and may delay your eligibility determination.

Completed applications will be processed as soon as possible and you will receive written notification of the decision. If you have not received a response within 21 days after mailing your completed application or if you have any questions regarding this process, please call (207) 721-9600 for assistance.

Please mail your completed application to the following address:

Part 2 - Request for Professional Verification

(To be completed by a licensed Physician or Health Care Professional)

You are being asked by the applicant named in Part 1 to provide information regarding their disability and its impact on their ability to use the **Brunswick Link** fixed-route bus system operated by Western Maine Transportation Services (WMTS). The Americans with Disabilities Act (ADA) requires public transit systems to provide paratransit service to persons who, due to a disability, are unable to use the fixed-route bus system. The goal of the ADA paratransit eligibility process is to ensure that only persons who meet the ADA criteria are regarded as eligible.

Diagnosis of a disability does not establish eligibility. What is needed is a determination of whether the person can use the fixed-route bus system under given circumstances. Please keep in mind that all of our fixed-route buses are equipped with wheelchair lifts/ramps. The person's physical and mental abilities in relation to getting on and off a bus, riding the bus, and traveling to or from a bus stop will be considered when determining eligibility for paratransit services. A person's age, income, inability to drive, travel preference or inconvenience are not considered qualifying factors. The information that you provide will allow Brunswick Link to make an appropriate eligibility determination for this applicant. Thank you for your cooperation and assistance.
